

**MAGNIFICENT MUSIC** is an European booking agency based in Berlin, Germany. We have been around since 2006. We like vintage sounds such as psychedelic rock, contemporary retro rock, proto 60s and 70s and heavy rock, roots, blues as well as an overall originality. We observe the local as well as the international scene for emerging talents in order to develop new careers aided by a fruitful cooperation with record labels, managements and publicists. Last but not least we stage our own festival as well a club night in Berlin and promote local concerts or showcases.
